The EDQM Biological Standardisation, OMCL Network and Healthcare Department (DBO) is seeking a temporary scientific assistant for a period of 9 months to join the team. You will help developing a high-level plan to monitor in member states dissemination and implementation of deliverables in the areas of work of the European Committee on Pharmaceuticals and Pharmaceutical Care (CD-P-PH) and its Committees of Experts; you will be using this plan on a couple of examples of guidelines, resolutions, recommendations, database and co-operation schemes (networks).

We are looking for candidates with the below competencies:

- a minimum of 2 years' experience in a role dealing with Public Health or pharmaceutical legislation;
- an experience in data analysis and methodologies for data interpretation;
- good writing skills for preparation of survey reports;
- good communication skills for liaising with colleagues, experts and stakeholders;
- very good knowledge of English;
- very good knowledge of standard IT tools (MS Office);
- an experience in implementation monitoring exercises, surveys, regulatory documentation would be an asset.

What we offer:

- an opportunity to work in a leading international organisation in the field of public health protection, contributing to delivering high quality medicines and healthcare in Europe and beyond;
- an opportunity to work with experts from many different countries on Pharmaceuticals and Pharmaceutical Care activities;
- an opportunity to bring own expertise and fresh ideas to our team.

Please note that the duty station is Strasbourg so you will need to move to Strasbourg, France.

Please feel free to pass this information to any interested colleagues of yours.

If you meet the requirements and have the nationality of one of the 47 member states, please submit your application by email at hr@edqm.eu as soon as possible.
