

The Third International Symposium on Technetium and other Radiometals in Chemistry and Medicine

 SOCIETY OF
Radiopharmaceutical
Sciences

**Bressanone (BZ), Italy
September 26-29, 2018**

Forum Bressanone

TOPICS & SPEAKERS

Symposium Lecture

Paul Donnelly, Melbourne, Australia

Technetium and Rhenium Chemistry

Honorable lectures

Silvia Jurisson, Columbia MO, USA

Roger Alberto, Zurich, Switzerland

Radioisotope Production & Targetry

Jonathan Engle, Madison WI, USA

Other Radiometals & Ligand Design

Alfred Morgenstern, Karlsruhe, Germany

Preclinical Development of Metal Based Radiopharmaceuticals

Thea Maina-Nock, Agia Paraskevi, Greece

Marion De Jong, Rotterdam, The Netherlands

Radiotherapy and Radiotheragnostics

Nicklaus Schäfer, Lausanne, Switzerland

JARI Award Medal honoring August Schubiger

ORGANIZING COMMITTEE

C. Cutler (USA)

R. Schibli (Switzerland)

M. C. Giron (Italy)

U. Mazzi (Italy)

R. Rossin (Italy)

UNDER THE AUSPICES OF

University of Padova
Department of Pharmaceutical and Pharmacological Sciences
Education and Research Foundation
United States Department of Energy
Italian Society of Hospital Pharmacy (SIFO)
Interdisciplinary Group of Radiopharmaceutical Chemistry (GICR)
Italian Association of Nuclear Medicine (AIMN)
Comune di Bressanone/Brixen
Associazione Amici Università di Padova
Bressanone Turismo Società Cooperativa

ORGANIZING SECRETARIAT

L.C. Congressi srl - Via Euganea 45, 35141 - Padova, Italy
